SHEET MASKS, PRESENTATION

SHEET MASK, THE ADVANTAGES

Inspired by the rituals of Asian beauties, sheet masks have become inescapable in the cosmetics market. Technature has developed a range of sheet masks with specific and customizable formats.

- adjustable products that are suitable for all types of face and skins (perfectly follow the face contours and adheres throughout the duration of the care),
- targeted cares (face, eyes, hands, feet), performing with exceptional properties,
- easy to use (single use, single dose) and convenient,
- French quality products meet hygienic and traceability standards.

4 AVAILABLE FORMATS

In partnership with:

1 « funky » variant with these ear hooks. This mask allows to maintain and strengthen the lifting effect.

2 « targeted » variants with masks specially designed for hands and feet.

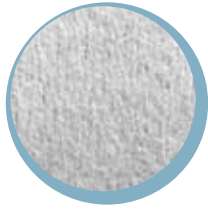

1 « auto » variant: NEW sheet masks manufactured and packed in France thanks to a fully automatic equipment in partnership with Sicofor. Automation allows the impregnation of all types of juices: serum, lotion, emulsion ... Don't wait any longer to add a cost-effective and top quality product into your range!

Cotton tissue

1. COTTON TISSUE

2. ORGANIC COTTON TISSUE, CERTIFIED COSMOS ORGANIC

This high-quality and eco-friendly (100% biodegradable) support is made from 100% organic cotton. Its soft and comfortable fibres take care of your skin.

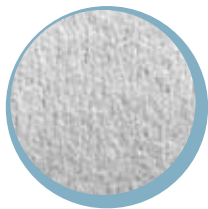

ORGANIC cotton
tissue

3. SOFTCELL® TISSUE, 100% NATURAL CERTIFIED COSMOS NATURAL

Made from cellulosic fibers (wood). Their high quality and properties make it ideal fibers for the composition of nonwovens used in the cosmetics industry. Softcell® is a natural, high quality and environmentally friendly product. Thanks to its absorption capacity higher than 50% (more absorbent than cotton), it absorbs lotion or serum and enables a controlled release.

Increased benefits for the consumer: Thanks to the unique structure of the fibrils composing these fibers.

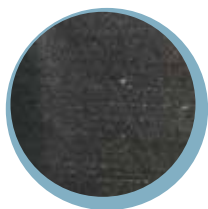

SoftCell® tissue

Its soft and smooth texture soothes delicate skin. Softer than silk, it provides a real moment of comfort to the skin. Its silky touch and exceptional quality makes it a high-end care. Once applied on the face, Softcell® mask reveals its pure transparency.

An ecological manufacturing process

The manufacturing process is naturally hygienic, ecological and environmentally friendly (more than cotton). The wood used comes from sustainably managed forests. The water consumption related to the manufacturing of softcell mask fibers is 10 to 20 times less than used for cotton.

4. CHARCOAL BLACK TISSUE

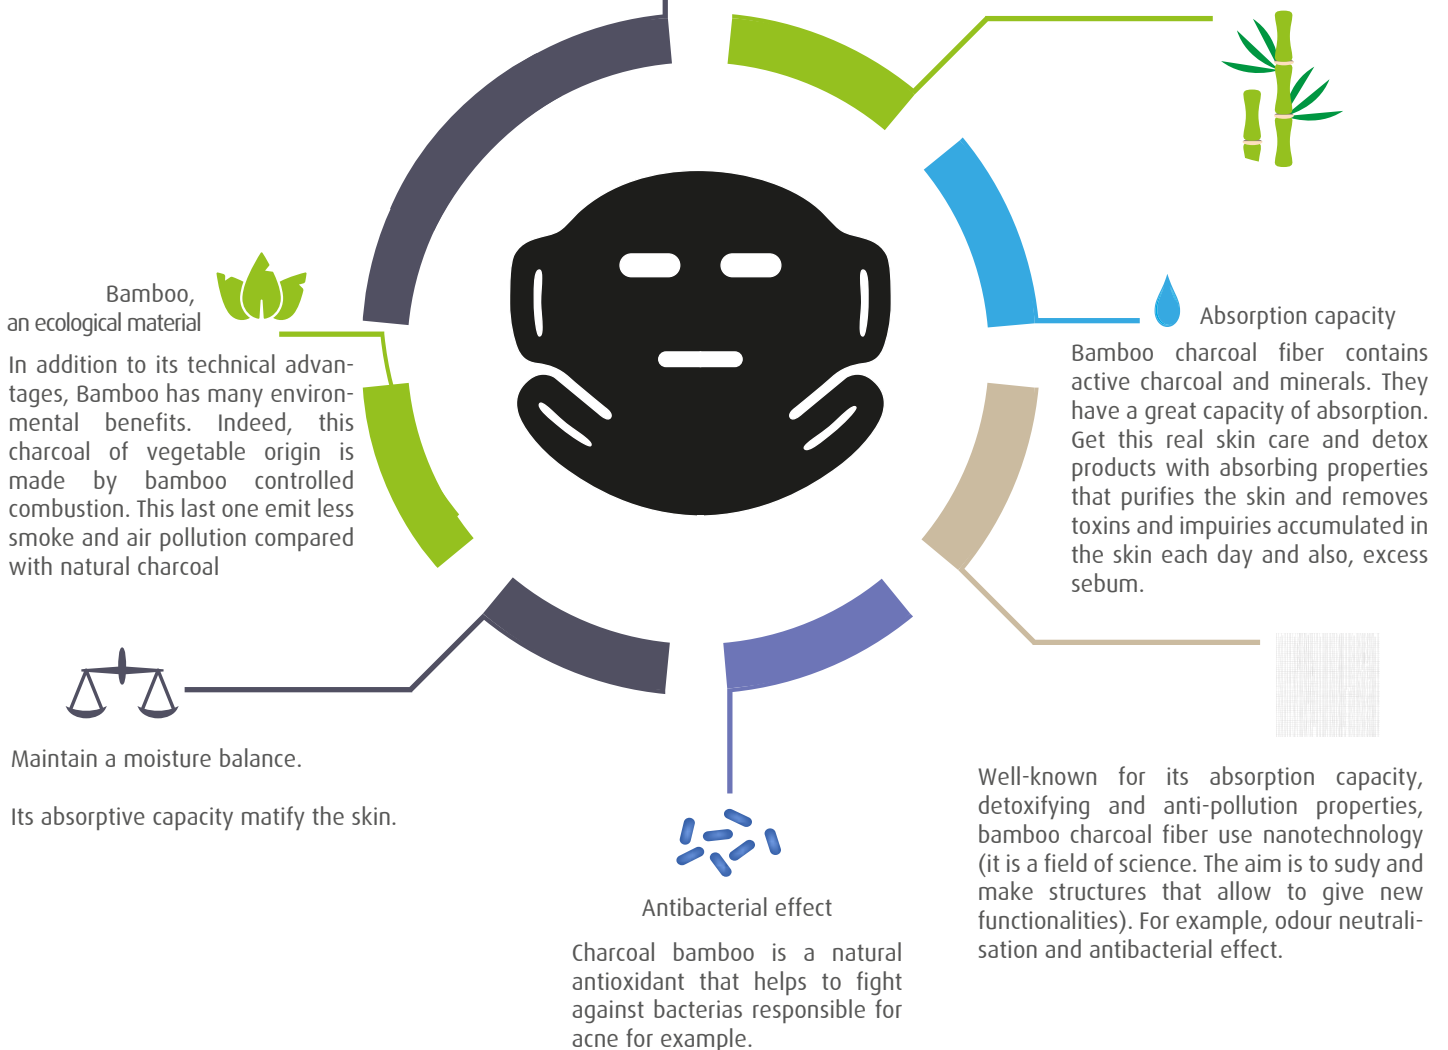

Discover charcoal, ideal for mixed to oily skins, exposed to pollution, stress and for smokers.

It removes impurities. Its efficacy is undeniable. With great power of absorption, it purifies the skin, removes toxins and regenerates the skin. Thanks to its antioxidant and anti-aging properties, it makes a tired skin glow.

Composed of bamboo charcoal fiber and made of black tissue, this mask is obtained thanks to two steps:

During the first step, bamboo is dried and burnt at 800°C.

Then, during the second step, a thermal shock is created to open the charcoal pores. That allows to activate its absorbing power.

PRODUCTS AND FORMULAS

According to your needs, Technature adapts to your specifications. Therefore, we propose 3 types of masks products in single dose sachets:

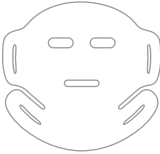

- «Catalogue» products (products that you can find in our brochure): these are formulas available as such, easy you just have to affix your design and your mark on the packaging via a label. Indeed, the entire cosmetic regulatory file is already established and the products are in stock.

- Standard products: tall as the formulas in the catalogue, the entire regulatory file is available. More customizable, the sachets can be completely printed and you can mix formats and formulas present in the catalogue. However, the products are not in stock; we produce on demand.

- Specific formulations: these are unique products, dedicated to your brand and formulated with our R&D – Integrated laboratory.

All the sheet masks presented in the catalogue are packaged in white OPP sachets to guarantee a visual appearance and a more qualitative touch.

«Catalogue» products in STOCK:

ANTI-AGEING SHEET MASK

REF: ISO063A

THE + PRODUCT

Inspired by the rituals of Asian beauties, the sheet mask with its specific cutting form: ear hooks, perfectly fits the face contour. The mask is soaked with a serum rich in anti-ageing active ingredients to reduce the first signs of time. The skin preserves its youth, comfort and looks visibly fresher.

PROPERTIES OF THE INGREDIENTS

Osilift

As a 100% natural sugar tensor, Osilift® is a purified fraction of polysaccharides from oats. Very high molecular weight, this source of complex sugars, adheres to the skin surface in a lifting, continuous and cohesive film that helps firm and tone the skin (In vitro tests).

Sodium hyaluronate

Sodium hyaluronate in the presence of water is transformed into hyaluronic acid directly into the formula. Hyaluronic acid is naturally present in the skin and acts as a real sponge to attract and retain a significant amount of water. It plays an essential role in the integrity of the cutaneous structure and in the regulation of the hydration of the skin. Sodium hyaluronate for very low molecular weight (100 000 to 130 000 DA) is known for its high hydration power.

RITUAL OF BEAUTY

Open the sachet and extend the mask. Place the ready to use face mask over a thoroughly-cleansed skin. Hang the mask on the ears with the upper ear hooks and place the lower ear hooks on the ears again. Leave on for 15 minutes and remove the mask. Gently massage any excess of serum.

Precaution for use: in case of eye contact, rinse with water.

COLLAGEN SHEET MASK

REF: IS0064A

THE + PRODUCT

Inspired by the rituals of Asian beauties, the sheet mask with its specific cutting form: ear hooks, perfectly fits the face contour. Soaked with a serum rich in marine collagen, the mask provides a real moment of well-being. The skin is full of energy and regains a fresh and velvety complexion.

PROPERTIES OF THE INGREDIENTS

Marine collagen

One of the major component of the skin, collagen is responsible of its elasticity and resistance. Marine collagen, with the same structure of the skin has important moisturizing properties.

Vitamin E

Delta rich tocopherol is a natural antioxidant composed of plant, soybean and rapeseed oils. With its important antioxidant power, vitamin E fights against the first signs of time and protect the skin by strengthening its hydrolipidic film. By increasing the water retention capacity of the skin, it improves its appearance and decreases the amplitude of wrinkles. The skin is more supple and softer.

RITUAL OF BEAUTY

Open the sachet and extend the mask. Place the ready to use face mask over a thoroughly-cleansed skin. Hang the mask on the ears with the upper ear hooks and place the lower ear hooks on the ears again. Leave on for 15 minutes and remove the mask. Gently massage any excess of serum.

Precaution for use: in case of eye contact, rinse with water.

CHARCOAL PURI-DETOX SHEET MASK

REF: 1S0081A

THE + PRODUCT

Inspired by the rituals of Asian beauties, the sheet mask with its specific cutting form: ear hooks, perfectly fits the face contour. The tissue of this mask is composed of bamboo charcoal fiber and is soaked with a puri-detox serum. This cocktail of active ingredients with highly absorbent power removes impurities on the skin and provides a precious detox care.

PROPERTIES OF THE INGREDIENTS

AC.NET™

Associated with oleanolic acid and nordihydroguaiarétique acid (NDGA) in an osmotic gel, this complex is ideal to the skin to regain all its beauty. Oleanic acid decreases the action of enzyme 5-alpha reductase, which plays a role in the activity of the sebaceous glands. NDGA acid is a growth regulator of keratinocytes, thus limiting the formation of micro-comedones. It also reduces skin redness (in vitro tests).

Poreaway

Chios mastiha also called mastic is an aromatic resin produced by the lentisk moss pistachio. Known since antiquity, this precious resin can take care of the skin and improve its appearance. With a high absorption capacity, it gently removes impurities on the skin and significantly reduces excess sebum.

RITUAL OF BEAUTY

Open the sachet and extend the mask. Place the ready to use face mask over a thoroughly-cleansed skin. Hang the mask on the ears with the upper ear hooks and place the lower ear hooks on the ears again. Leave on for 15 minutes and remove the mask. Gently massage any excess of serum.

Precaution for use: in case of eye contact, rinse with water.

ORGANIC COTTON MASK TIME-EXPERT

REF: 1T0089B

THE + PRODUCT

Essential care of beauty rituals, this mask is the first sheet mask certified COSMOS ORGANIC! This high-quality and eco-friendly (100% biodegradable) support is made from 100% organic cotton. Its soft and comfortable fibres take care of your skin. Ready-to-use, the mask is soaked with a lotion combining moisturizing and anti-ageing active ingredients. Genuine infusion of youth, these active ingredients help fight against first signs of ageing while providing comfort to the skin.

98.50% natural origin of total.

10.40% organic of total.

PROPERTIES OF THE INGREDIENTS

Ficucell Vita

Derived from Opuntia Ficus Indica cactus, Ficucell Vita acts on the collagen, elastin and hyaluronic acid production. This action protects the skin against DNA damages, to increase cellular longevity (In vitro tests) and to improve skin firmness and elasticity (In vivo tests).

Sodium hyaluronate (20-50k DA)

This hyaluronic acid salt has a very low molecular weight. Hyaluronic acid is a molecule naturally present in the skin acting as a real sponge who has the property of attracting and retaining a high quantity of water (up to 20 times its weight in water) by forming an elastic gel. Its exceptional capacity to retain water makes it a unique moisturizing active ingredient.

Fucocert

This multi-sensory moisturizer of natural origin and composed of polysaccharides offers a silky touch and a unique softness. Thanks to its film-forming effect, it maintains the protective film of the skin, moisturizes and provides comfort (In vitro tests).

Barley distilled water

Barley, a plant of the grass family, is a cereal containing nutritive elements such as starch, protein, fat, fiber and vitamin B. Barley distilled water is obtained by steam extraction of barley thalli. This barley water has antioxidant, emollient and softening benefits.

RITUAL OF BEAUTY

Open the sachet, extend the mask and remove the protective layer. Apply the mask to the face on perfectly cleansed skin, avoiding the eye and lip contour areas. Leave on for 15 minutes then remove the mask. Gently massage excess of serum.

Precaution for use: in case of direct contact with eyes, rinse with water

HYDRA+ SOFTCELL® MASK

REF: ISO140A

THE + PRODUCT

SoftCell® is a new range of natural, high-quality and eco-friendly sheet masks. Its fine cellulose structure, from wood, has a high absorption capacity to release the serum during use. Second skin effect, this care fits perfectly the face contours and reveals its transparency. Softer than silk and with high-performance moisturizing active ingredients, this mask offers to the sensitive skins a high-end care. Genuine boost, this mask hydra + immerses the skin into a bath of freshness. Thanks to its richness in sodium salt of hyaluronic acid, it maintains the natural moisture of the skin, fights against early signs of ageing and boosts collagen production.

PROPERTIES OF THE INGREDIENTS

Aquaxyl™

Resulting from the combination of two humectant molecules and able to retain water (glucose and xylitol), this active ingredient has complementary actions to ensure optimum, immediate and long-lasting hydration. To make the skin more resistant to external aggressions, it strengthens the skin barrier by stimulating the synthesis of ceramides, which also limits water loss.

Hyaluronic acid

Hyaluronic acid is a molecule naturally present in the skin. Acting as a real sponge, hyaluronic acid has the property of attracting and retaining a quantity of water (up to 20 times its weight in water) by forming an elastic gel. Its exceptional capacity to retain water makes it a unique moisturizing active ingredient.

Hydrolyzed hyaluronic acid (100.000 - 130.000 DA)

This form of hyaluronic acid, of very low molecular weight (between 100,000 and 130,000 DA), is known for its anti-ageing properties. It reduces the first signs of ageing of eye area and helps to make the structure of the skin smoother. It also retains the moisturizing properties of standard hyaluronic acid by stimulating the production of endogenous hyaluronic acid and collagen.

Hydrolyzed hyaluronic acid (20.000 - 50.000 DA)

This hydrolyzed hyaluronic acid, of very low weight (between 20,000 and 50,000 DA) is known for its anti-ageing properties. Genuine rebalancing care, it maintains the natural moisture of the skin and its firmness by stimulating collagen production. The skin is gradually toned and regains suppleness and firmness. (In-vivo and in-vitro tests).

RITUAL OF BEAUTY

Open the sachet and extend the mask. Apply to the face on perfectly cleansed skin. Leave for 15 minutes then remove the mask. Gently massage excess of serum.

Precaution for use: in case of eye contact, rinse with water.

HAND-GLOVES SHEET MASK

REF: 2S0011A

THE + PRODUCT

This hands sheet mask with its surprising gloves-mask shape is an ideal care to provide a new youth to hands. Airtight and easy to use it perfectly targets hands need. Soaked with a serum rich in moisturizing active ingredients and in caviar lime extract, this mask gently exfoliates hands while ensuring their protection. Hands are once again soft and velvety.

PROPERTIES OF THE INGREDIENTS

Oligogeline®

Oligogeline® protects and strengthens the functions of the epidermis. By forming a protective film it reduces the water evaporation, thus providing a better epidermal hydration (In-vivo tests). The active ingredient helps to protect the damaged epidermis thanks to its film-forming properties.

Lime pearl™

Limepearl™ is an exfoliating agent containing a caviar lime extract. This rare citrus native to Australian forests contains small caviar size capsules. New source of AHA, it provides gentle skin exfoliation for protected and soft hands.

Sodium Hyaluronate

Sodium hyaluronate in the presence of water is transformed into hyaluronic acid directly into the formula. Hyaluronic acid is naturally present in the skin and acts as a real sponge to attract and retain a significant amount of water. It plays an essential role in the integrity of the cutaneous structure and in the regulation of the hydration of the skin. The sodium hyaluronate used in this formula is of high molecular weight (1800 to 2200 kDa). Applied to the superficial layers of the skin, it forms a non-occlusive moisturizing film that gives the skin a soft and velvety appearance.

RITUAL OF BEAUTY

Open the sachet. Separate the aluminum bi-compartment sachet with the dotted line. Do the same with the hands mask (separate in two thanks to the dotted line). Spread the serum inside the gloves and put them on your beforehand cleansed and dried hands. Fold the latch around the wrist and glue it with the stickers to close the glove. Leave for 20 to 30 minutes and perform light massages to help the total absorption of the serum. Remove them and gently massage the excess of serum.

Do not rinse.

SOCKS MASK - FEET SHEET MASK

REF: 2S0012A

THE + PRODUCT

This feet sheet mask with its surprising socks-mask shape wraps the feet in a cocoon of softness. Airtight and easy to use it perfectly targets feet needs. Soaked with a serum rich in shea butter and in caviar lime extract, this mask gently exfoliates while nourishing feet. The feet regain comfort and softness for a real cocooning moment.

PROPERTIES OF THE INGREDIENTS

Lime pearl

Limepearl™ is an exfoliating agent containing a caviar lime extract. This rare citrus native to Australian forests contains small caviar size capsules. New source of AHA, it provides gentle skin exfoliation for protected and soft feet.

Bisabolol

Bisabolol is a molecule naturally present in the wood of Candeia, a tree native from Brazil. Known for its soothing properties, it provides comfort and softness to the skin.

Shea butter

Shea butter is extracted from shea fruits, tree native to West Africa. Rich in fatty acids and in vitamins, these active ingredients will protect, nourish and provide softness and suppleness to the skin.

Sodium hyaluronate

Sodium hyaluronate in the presence of water is transformed into hyaluronic acid directly into the formula. Hyaluronic acid is naturally present in the skin and acts as a real sponge to attract and retain a significant amount of water. It plays an essential role in the integrity of the cutaneous structure and in the regulation of the hydration of the skin. The sodium hyaluronate used in this formula is of high molecular weight (1800 to 2200 kDa). Applied to the superficial layers of the skin, it forms a non-occlusive moisturizing film that gives the skin a soft and velvety appearance.

Lavender essential oil

Lavender native of Provence is an aromatic plant appreciated for its fresh and floral fragrance. Known for its purifying and relaxing properties, lavender essential oil provides a real sensation of well-being and peace.

Mint essential oil

The mint essential oil obtained by steam distillation of the leaves and stalks mint menthe piperita, releases a very fresh minty scent. Tonic and refreshing, it perfumes cosmetics and gently stimulates the skin.

RITUAL OF BEAUTY

Open the sachet. Separate the aluminum bi-compartment sachet with the dotted line. Do the same with the feet mask (separate in two thanks to the dotted line). Spread the serum inside the socks and put them on your beforehand cleansed and dried feet. Fold the latch around the ankle and glue it with the stickers to close the sock. Leave for 20 to 30 minutes and perform light massages to help the total absorption of the serum. Remove the socks and gently massage the excess of serum.

Do not rinse.
